

1st Internal Symposium

Research in Molecular & Cell Biological Sciences

Wednesday, 15th to Thursday, 16th of September 2010

Campus Riedberg, Goethe University Frankfurt/Main, Germany

Topics:

Chemical Biology and Nanobiotechnology
RNA Biology
Membrane Biology
Mitochondrial Research
Signalling Networks

First internal Symposium of the molecular and cell biological Sciences

Invited are all doctorate and postdoctorate Students from the Goethe University and Max-Planck-Institutes working on research projects in related fields to participate and to present posters

The speakers are selected by the graduate programs GRADE, GRACE, TRAM, IMPReS.

Online Registration:

<http://www.cmp.uni-frankfurt.de>

Contact:
